extensa anti-ageing clinic
LIVE BETTER. LIVE LONGER

Age is a disease.
Let's treat it.

extensa anti-ageing clinic
LIVE BETTER. LIVE LONGER

Dr Andre

Dr Andre has been a qualified doctor for 30 years and an advanced aesthetics practitioner for 10 years.

For 15 years he was a GP in the North West and Sports Physician for Everton Football Club.

For the last 25 years he has been a Court Expert in Physical and Psychological trauma and advises government select committees.

Dr Sam

Dr Sam has been a Clinical pharmacist for 10 years, and an aesthetics practitioner for 4 years. She is a Doctor of Cancer Research and has been funded by Cancer Research UK during her time at Manchester medical school.

Her PhD is in experimental oncology specifically researching the molecular biology and genetics of cancer cells.

Dr Andre & Dr Sam are passionate about staying on top of cutting edge science by liaising with top scientists. They want to share the knowledge of living a longer, healthier life.

Together, they have developed a programme that is Physician Led, Data, Supplemented, and Technologically Driven to guide you through the new area of advanced preventative anti-aging medicine.
